Every insurance carrier, including the state compensation fund, on or before March 1 of each year shall pay to the state treasurer for the credit of the administrative fund, in lieu of all other taxes on workers' compensation insurance, a tax of not more than three per cent on all premiums collected or contracted for during the year ending December 31 next preceding, less the deductions from such total direct premiums for applicable cancellations, returned premiums and all policy dividends or refunds paid or credited to policyholders within this state and not reapplied as premiums for new, additional or extended insurance. **A.R.S. § 23-961 (J)**

**SPECIAL FUND TAX**

**A.R.S. § 23-1065 (A)** The Industrial Commission may direct the payment into the state treasury of not to exceed one and one-half per cent of all premiums received by the state compensation fund and private insurance carriers during the immediately preceding calendar year. The same percentage shall be assessed against self-insurers based on the total cost to the self-insured employer as provided in § 23-961, subsection J. Such assessments shall be computed on the same premium basis as provided for in § 23-961, subsections J, L, M and N and shall be no more than is necessary to keep the special fund actuarially sound. Such payments shall be placed in a special fund within the administrative fund to provide, at the discretion of the commission, such additional awards as may be necessary to enable injured employees to accept the benefits of any law of the state or of the United States, or both jointly, for promotion of vocational rehabilitation of persons disabled in industry.
