### PRESS RELEASE

Arizona voters enacted the Raise the Minimum Wage for Working Arizonans Act in 2006. The voter initiative established an Arizona minimum wage and provided for an annual increase based on the increase in the cost of living. The cost of living is based on the federal Consumer Price Index for All Urban Consumers, U.S. City Average for all items during the 12 months ending each August 31 (CPI-U). The CPI-U is a national index covering the cost of goods and services. The CPI-U increased 0.2 percent comparing August 2014 to August 2015.

At a public meeting held on October 15, 2015, the Industrial Commission of Arizona calculated that Arizona's minimum wage of \$8.05 per hour would not increase for calendar year 2016. Arizona's minimum wage rate of \$8.05 per hour will continue to be higher than the federal minimum wage of \$7.25 through 2016.
