Subject: NO to a change in the pharmacy fee schedule  
To: <[mro@azica.gov](mailto:mro@azica.gov)>

Charles Carpenter, Manager, Medical Resource Office,

Please do not change the pharmacy fee schedule. I get my prescriptions filled through IWP who would be negatively affected by this proposed change. I'm a disabled veteran currently being treated for cancer and back injuries. I don't get around all that well and taking a trip to the pharmacy to pick up my medications would put an unnecessary burden on me as opposed to having my meds automatically refilled and delivered to my home. This proposed schedule change would definitely effect my quality of life due to an interruption(s) to my medicines. As an American, my patient choice of a pharmacy should be protected, this proposal would eliminate my choice to use a specialized workers' compensation pharmacy such as IWP. Please reconsider and keep the current fee schedule in place to allow me to continue to use IWP.

Respectfully,  
Thomas Gross
