Discussion & Action of Requests for Renewal of Self-Insurance Authority

Catholic Healthcare West – Gary Norem presented staff’s renewal report along with a Dunn and Bradstreet credit report rating. Administration is recommending renewal of workers’ compensation self-insurance authority based on the company’s financial stability, large size with assets of just under $10.9 billion, a clean audit report and an acceptable credit rating. Following discussion, the Commission unanimously approved continuance of self-insurance authority and signed a Resolution to that effect on motion of Mr. Lujano, second of Mr. McCarthy.

Costco Wholesale Corporation – Gary Norem presented staff’s renewal report along with a Dunn and Bradstreet credit report rating and ratings from Fitch and Moody’s. Administration is recommending renewal of workers’ compensation self-insurance authority based on the company’s continued profitability and growing size with total worldwide assets now standing at $20.7 billion, a clean audit report and an acceptable credit ratings and credit scores. Following discussion, the Commission unanimously approved continuance of self-insurance authority and signed a Resolution to that effect on motion of Mr. McCarthy, second of Mr. Lujano.

Valley Schools Workers’ Compensation Pool – Gary Norem presented staff’s renewal report along with a Dunn and Bradstreet credit report rating. The higher than average experience modification rate was discussed. Mr. Norem advised that the Pool states that all of the districts encourage their employees to go to the clinic for minor bumps and bruises, thus increasing their
claims. The Pool has put a nurse line program in place to alleviate this problem. Administration is recommending renewal of workers’ compensation self-insurance authority based on the Pool’s ability to maintain reserves at the 90 percent confidence level, the financial and legal protections afforded the Pool and its three members, clean audit reports rendered by the Arizona Department of Insurance and the Pool’s independent auditor and an acceptable credit rating. Ms. McGrory questioned the DOI audit performed in 2004 and asked if there was any more current audit information regarding litigation. Mr. Norem responded that he believed there was also an independent audit done and that he would check and let the Commission know. The Commission unanimously approved continuance of self-insurance authority and signed a Resolution to that effect on motion of Mr. Lujano, second of Mr. McCarthy.

Discussion &/or Action regarding Operations of the Industrial Commission

Laura McGorry advised that the Governor’s Office intends to release the agency impact analyses that address additional budget cuts of 20% over what has already been implemented. She described the purpose of the impact analysis. In response to a question from Mr. Lujano regarding reducing employment, she advised that with regard to the FY09 budget cuts passed in the January 2009 Special Session, the Legislature left it up to each agency to determine how to implement the additional budget cuts. She then described how the Commission has handled the budget cuts. Chairman Delfs stated that Director McGorry and Division heads have done an outstanding job in identifying areas to cut the budget without effecting employment.

Announcements

Ms. Hilton reminded the Commissioners that the next meeting will be held on Thursday, March 26th.

Discussion &/or Action regarding Legislation. The Commission may move into Executive Session under A.R.S. §§38-431.03(A)(3) and (A)(4) for Discussion and Consultation with the Attorneys of the Public Body regarding Contemplated Litigation or Settlement Discussions in order to avoid Litigation arising out of Bills passed in the Forty-Ninth Legislature, First Special Session (2009). Legal action involving a final vote or decision shall not be taken in Executive Session. If such action is required, then it will be taken in General Session

The Commission unanimously voted to move into Executive Session on motion of Mr. Delfs, second of Mr. McCarthy. Executive Session Minutes are kept separately.

Upon return to General Session, Scot Butler provided an updated legislative report of bills of interest to the agency, noting that the only bill to receive any floor action was HB 2146, which passed the Committee of the Whole. Mr. Butler described amendments that have been proposed and the status of HB’s 2056, 2087, 2198 and 2422. Regarding the budget, both the House and Senate continue to work on the FY 2009 and FY 2010 budgets. The Appropriations Committees have completed their review of the state agencies. The Commission was placed on their consent agendas during this process.

Mr. Butler described Governor Brewer’s proposal for 2010. There continues to be a wide range of unknown options including budget cuts and fund sweeps. The initial set of budget
proposals from the Appropriations Chairs should be coming out in the next couple of weeks.

There being no further business to come before the Commission and no public comment, Chairman Delfs adjourned the meeting at 2:15 p.m.
