Weiss, Attorney-at-Law.

Presentation & Discussion of Governor’s Personnel Reform Plan, HB 2571

Laura McGrory introduced Scott Smith and Kathy Peckardt to the Commissioners. Chairman Parker stated that he and Vice Chair Oster recently attended a meeting with Mr. Smith, Ms. Peckardt and others at the Governor’s Office to discuss the Governor’s Personnel Reform Plan. He summarized two items of direct interest to the agency: The uncovering of State OSHA plan positions, and the appointment of the Commission Director by the Governor rather than the Commissioners. Mr. Smith gave an overview of the proposed legislation including proposed House Floor amendments and responded to questions from the Commissioners. Chairman Parker suggested that language be added to 41-744 to ensure that it addresses the State OSHA plan situation. He also asked if Federal OSHA had reviewed or approved the personnel changes made in Indiana and Utah, which also have state OSHA plans. Mr. Smith stated that he will research the other state plans and the wording suggestion. Commissioner Strickler expressed her support for the plan. Chairman Parker thanked Mr. Smith and Ms. Peckardt for the presentation.

Commissioner Sanders introduced two very important members of the public, Grant and Gloria Sanders, his son and daughter.

The Commission unanimously assessed the recommended penalty of $10,000.00 on motion of Ms. Oster, second of Mr. McCarthy.

Discussion &/or Action regarding Legislation

Scot Butler provided a summary and bill status report and responded to questions from the Commissioners regarding HB’s 2365, 2367, 2368, 2571, SB 1441 and 1388. With regard to HB 2365, Mr. Butler described the stakeholder meeting held last week and a subsequent meeting held with SCF Arizona. He described the issues confronted by the stakeholders and suggested that the Commission agree to assume responsibility for development and implementation of a process for the use of medical treatment guidelines to treat injured workers. Ms. McGrory provided an overview of a draft plan of action, which included the appointment of a committee to make recommendations to the Commission by consensus. Ms. McGrory also provided suggested legislative language which would replace the current language of HB 2365. Mr. Butler and Ms. McGrory explained that the proposed language is not intended to pre-determine anything regarding the use of medical treatment guidelines. Rather, this would be determined by consensus of a committee, who would then make recommendations to the Commission. Following further discussion the Commission unanimously approved the recommendation that gives the Commission the responsibility to develop and implement a process for the use of evidence based medical treatment guidelines to treat injured workers, along with the proposed outline that describes the steps to be taken by the Commission including the establishment of a committee to make recommendations to the Commission, on motion of Mr. Sanders, second of Ms. Strickler.

Darin Perkins advised that staff is requesting approval to move forward with adopting the latest changes to OSHA standards. The Commission unanimously directed ADOSH to fine Notice of Final Rulemaking with the Secretary of State on motion of Mr. McCarthy, second of Ms. Oster.
